MOTION TO POST

Unifor Local 2300 has been on strike since February 28, 2015 fighting for justice. Our Sisters and Brothers have had to endure decades of abuse in their workplace. These abuses range from an unhealthy & unsafe work environment to harassment. They are fighting for precarious workers, better working conditions, training, seniority, benefits, wages, and dignity. They are fighting against the mistreatment of workers, the exploitation of women, contracting out and the further erosion of municipal services to our community.

Therefore, our Executive board passed the following motions of support for our Sisters and Brothers from Unifor Local 2300:

- 1. Motion: Unifor Local 2301 Executive Board passed a motion that recommends to the membership that "an extra hour's dues assessment per member per month for the duration of two months past the conclusion of the current Labour dispute be donated to the Kitimat District workers (Unifor Local 2300), to assist our Union Sisters and Brothers in their strike*
- 2. Motion: If extra hour's dues assessment for Local 2300 passes: Unifor Local 2301 fronts, equivalent of 2 months, 1 hour extra dues to Unifor 2300 to support those members immediately until these monies are received by the additional dues assessment to be funded from the General Ledger account*

This recommendation was passed unanimously by your Union Executive.

These motions will be voted on at the membership meetings on May 14th and 15th.
