

## National Union Committee Opportunity

The National Union, through the Mine, Mill, Metals Council is canvassing western local unions in the mine, mills, metals sector for candidates to participate, on behalf of Unifor, on a federal committee, MiHR (Mining Industry Human Resources Council).

The purpose of the committee is to develop standard training for workers in the mining industry.

The committee typically meets three times per year in various parts of the country, with costs being covered by the National Union.

This opportunity is available for expressions of interest from Local 2301 activists.

Qualifications which would be considered assets include experience developing training modules, a good understanding of training practices, experience as an active member of workplace committees, a strong contributor to decision-making, and a promoter of a safe and healthy unionized work environment.

**Expressions of interest must be submitted to the Union Hall by:**

**February 17<sup>th</sup>, 2017**

The Executive will submit the name of one candidate to the National Union for consideration.
