## *IN FAVOUR OF A STRIKE*

On July 16 and 17, 2021, the Union held a strike vote. The message from the membership was loud and clear, where for the first time in the history of our Union, you gave us a 100% strike vote mandate to ensure that we bring home the best contract possible. Since the strike vote, the company has shown little interest in addressing our issues. Our philosophy for 2021 bargaining remains the same, "We aren't necessarily married to our demands as they are written, but we are married to resolving the issues that they represent". After six weeks of bargaining and your support, we are more driven than ever.

By now you should have been contacted by your picket captain. If you haven't been contacted yet or if you have any questions about the lead-up to the expiry please call the Union Hall and speak with Ed or Shaun.

At this time there is no update on the Essential Services application filed by the Company. In the coming days we expect to know more.

# *THANK YOU!*
