

IMPORTANT - MEETING DATE CHANGES

The Steering Committee and Membership Meetings previously scheduled for this week have been rescheduled to:

Steering Committee: Wednesday, May 9th @ 7pm

**Membership Meetings: Thursday, May 10th @ 7pm &
Friday, May 11th @ 7am**

The Bargaining Committee apologizes for these changes and short notice, but the Committee has been processing information it has recently received from the company which will have a serious impact on the direction the Union takes with its bargaining demands.

Rather than present an incomplete package for the Activists and Membership to endorse the Bargaining Committee feels that postponing the meetings until a comprehensive package can be presented is the responsible way to proceed.
