Exposure Registry Program

If you have any questions regarding the completion of this form, please contact Prevention Support Services — Prevention Records at 604 276-3231.

Have you been exposed to a harmful substance or agent at work?

If you have, you may be entitled to compensation as set out under section 6 of the *Workers Compensation Act* if you develop an occupational disease due to the exposure — now or in the future.

Due to the latency and long period of exposure required for the onset of some occupational diseases, WorkSafeBC has created this new exposure registry as a way for workers, employers, and others to register a worker's exposure to a harmful substance or agent at work. The information obtained through the registry will be kept as a permanent record of a worker's exposure.

If your exposure has resulted in medical treatment or time loss from work, please complete an application for compensation
